

Summer Opportunities for Students Interested in Creativity Careers: Innovation, AI, and the Arts

Apply online at: www.kidsmatter2us.org/springboard-series

Creativity in Careers: Innovation, AI, and the Arts Summer SpringBoard Program

Description:

This six-week program explores the intersection of arts, innovation, and AI — and how creativity drives the future. Through immersive artistic experiences and hands-on exploration of emerging tools, you'll expand your creative confidence, strengthen how you communicate, and discover how your unique perspective can shape meaningful impact in a rapidly changing world.

Schedule:

June 1, 2026 – July 9, 2026

- Tuesdays 9 am – Noon, Classes at various locations in the Naperville Area
- *Thursday 9 am – 2 pm — Career Exploration/Field Experiences at various locations
- 30 students will be accepted in the program
- Apply online at
- * Timing might vary slightly on Thursdays.

Applications Due: April 12th

Student Notification Week of April 22

This program is funded by DuPage Foundation, Budget Blinds of Naperville, Bosch Community Fund and other generous partners (see website). The program is open to students at Naperville Community Unit School District 203, Indian Prairie School District 204, Elmhurst School District 205, Lisle School District 202, and Benet Academy, and other area high schools.
